## *Mysteries of Rosslyn Chapel and Esoteric Prague* *September 9-21, 2006*

With Cheryl Rose & Vanda Osmon

Angel of Truth by Cheryl Rose

*Cheryl and Vanda invite you to join us as kindred Spirits and alchemists on a pilgrimage of initiation. We will go deeper into the mysteries of Rosslyn Chapel, explore the Templars, secrets of Prague, and the connection with the Wisdom of Goddess Sophia*

To the Knights Templar, a pilgrimage was an outward form of an inner mystical journey. This path of initiation and learning was dedicated to Sophia. The first nine Templars spent ten years in Jerusalem excavating under the Temple mount. They brought what they had found to Rosslyn Chapel. There is evidence they found objects of esoteric traditions, sacred documents and possibly the Ark of the Covenant.

**Sophia** is revered as the Wise Bride of Solomon. She is the Supreme Spirit of wisdom devoted to the good of all people...She shines bright in the gloom of ignorance; she is unfading; She is easily seen by those who love Her; easily found by those who look for Her, And quickly does she come to those who seek *“In this world there are tribulations; but be of good cheer, my wisdom has overcome this world.” From Sophia wisdoms*

From Cheryl - We follow the Templars' trail from Rosslyn to Prague because the Knights were given refuge here in 1230 by King Wenceslas I. They survived for centuries never being tortured or prosecuted, but were allowed to transfer to other orders such as the Knights of St. John and the Knights of Malta. Here they retained their wisdom and flourished, thus making Prague 'The Esoteric Capital of Europe'

.."Rosslyn Chapel is an enigmatic arcane library of secrets, sculpted in stone and shrouded in mystery. It is a Chapel to mysticism and spirituality. Art without knowledge is nothing, and in this context the knowledge to which they refer is "gnosis, spiritual knowledge or mystical insight." Even the name Roslin translated into Gaelic hints at this 'Ancient knowledge handed down through the generations'. Rosslyn is a veritable three-dimensional teaching board of Gnostic and medieval initiation. Rosslyn Chapel is a superbly carved reliquary for the Grail, the allegorical description of the path to enlightenment, which was sacred to the Templars." *Rosslyn the Guardian of the Secrets of the Holy Grail, by Tim Wallace-Murphy & Marilyn Hopkins.*

## Mysteries of Rosslyn Chapel, & Esoteric Prague

Our journey will be a pilgrimage though time and space. The catalyst for this journey will be some of the most beautiful and sacred places in Scotland and Prague. As we travel to these magnificent places you will experience the magic and mystery of your own inner wisdom and feel the sacred landscape and rich folklore and myths come alive. We will move with clear intent at each site activating our inner knowingness and honor ancient wisdom within ourselves and the places we experience.

From Cheryl, "I have been amazed as the veils of Prague lifted one by one in my year and a half living in and researching this city. I am really looking forward to sharing this new information with you. Keep in mind, many of these mysteries and images are things you have not seen before!! You won't find them in any book because they have not been properly archived or published in English. You will see imagery suppressed and banned by the church long ago. The Artist Alphonse Mucha, the Sovereign Grand Commander of the Freemasons of Czechoslovakia, continued imparting this esoteric wisdom through the creation of Art Nouveau and it's archetypes. He then imbued this ancient Templar legacy into the architectural design, money, medals, uniforms, stamps, and more to inspire us today. We will see a video on this amazing man."

**Come join us for a trip of a lifetime.**
